Dear Mr. Brauner:

We appreciate the time you took to write us at length regarding our special DX program broadcast early February 5th. Yes, it's too bad we did not have a clear channel. We thought we were going to, and believe we had the cooperation of all stations on 1240 with the exception of two in the east who were doing some testing, and another station who had on a constant carrier.
We did receive some very good reports tho from other sections, and some very interesting letters, so it was worth the trouble we went to to put on this DX program. It was the first one in a number of years, and maybe next year we'll all have better luck.
We received letters from quite a few DXers who heard us years ago when we used to put on regular DX programs, but none mentioned as far back as 1928. We are going to celebrate our 25th year on the air this coming July.

Thanks for your nice letter and good wishes.

Yours very truly,

W C R W Radio Station
